## **Anti-Doping**

All sporting participants have the right to compete in Clean Sport.

UTSNZ supports the mission of Drugfree Sport NZ and WADA in achieving Clean Sport.

UTSNZ adopts the Drugfree Sport New Zealand and World Anti-Doping Agency (WADA) position that cheating, including doping, in sport is fundamentally contrary to the spirit of sport, undermining the otherwise positive impact of sport on society.

To this end, UTSNZ commits to support Clean Sport in the following ways:

- a) All athletes are expected to play and train and compete in line with the spirit of sport, including the anti-doping rules.
- b) All coaches and athlete support personnel are expected to perform their role in line with the spirit of sport, including the anti-doping rules.
- c) UTSNZ is committed to supporting the prevention of doping behaviour in NZ in collaboration with other sporting bodies.
- d) Employed and associated staff will not condone, assist or in any way support the use of prohibited substances and methods (unless permitted by a Therapeutic Use Exemption) in any aspects of their work.
- e) All employed and associated staff will be expected to contact Drugfree Sport NZ should they become aware of an athlete or NSO member using or considering the usage of a prohibited substance or prohibited method. This contact should be done in confidence on the dedicated 0800DRUGFREE (378437) line.
- f) UTSNZ is committed to Clean Sport UTSNZ and undertakes to work with Drugfree Sport NZ to deliver anti-doping education to New Zealand team members competing at World University Games and World University Championships.
- g) UTSNZ will uphold any sanctions placed upon an athlete by Drugfree Sport NZ or other associated body in accordance with the World Anti-Doping Code.

Breaches of this, or any rules/policies referred to in UTSNZ own code of practice/conduct will be acted upon accordingly.

Further details about Drugfree Sport NZ and WADA can be found at; <http://drugfreesport.org.nz/> & <https://www.wada-ama.org/>

## **Alcohol**

The consumption of alcohol must be done with a responsible attitude. The consumption of alcohol in excess can lead to anti-social behaviour and in some extreme and well documented cases, death.

There may be no forced consumption of alcohol or any other forced activity and individuals must always be aware they can opt out at any point.

Note, athletes and all those involved in UTSNZ events should carefully check the alcohol policies of their university, tertiary institution and/or the national sporting body delivering the event. If any include an alcohol-free policy, then that policy must be adhered to in the first instance.
